

I run an HF port Packet BBS N9LYA in Southern Indiana. My concerns are will  
ligitimate complaints about my legitimate licensed operations jepardice my  
station. I operate on 10,15,17,20,30,40,80 meters 27/7... Also vise-versa... If  
BPL interferes with my operations I expect quick 24hr a day complaint handling,  
by the power companies.. For all my legitimate complaints. 73 Jerry N9LYA
